Durable Control, Reliable Mobility

The InfoCase Rugged Case with Hand Strap for the Zebra TC22, TC27, and PD20 is engineered to keep your device mobile, accessible, and easy to use—all shift long. Designed for professionals in fast-paced environments like retail, field service, and logistics, this case prioritizes ergonomics and workflow efficiency without adding unnecessary bulk. The adjustable hand strap is biased to one side for improved balance and a better fit with the Zebra PD20 payment terminal—making it ideal for mobile point-of-sale and customer-facing tasks. Whether you're scanning, swiping, or servicing, the strap delivers secure, one-handed comfort and confident control.
