

Detachable Belt Clip for Zebra HC20, HC50

ZEBRA HC20, HC50

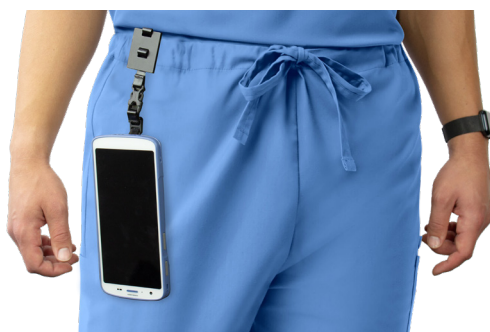

PART NUMBER: FM-BLTCLP-HCXX

MSRP: \$29.99

Secure Carry and Quick Device Access

The Custom Belt Clip is designed to support hands-free device access in fast-paced clinical environments. Built to be worn on a waistband or scrub pocket, this clip features durable webbing that allows the device to pivot upward for quick, convenient screen visibility—ideal for accessing patient records, messaging, or scanning on the move. Whether worn with the screen facing in or out, the clip provides a secure, comfortable carry solution for healthcare professionals who need rapid access to their device without sacrificing mobility or hygiene.

Key Features

- Durable construction with manganese steel clip and aluminum alloy base
- Impermeable and sanitizable webbing can be cleaned and disinfected
- Compatible with a range of other Zebra handheld devices
