

Elite Backpack with MOLLE

PART NUMBER: FM-ELT-BPK2026
MSRP: \$139.00

Efficient Storage. Tactical Versatility.

The Elite Backpack with MOLLE is built to handle the demands of mobile professionals carrying a laptop or tablet and essential gear. With efficient storage space, this durable pack offers a padded laptop sleeve, two front pockets with MOLLE system for MOLLE compatible solutions, and reinforced construction for long-lasting wear.

Ideal for mobile and tactical environments, the backpack balances rugged functionality with everyday comfort, thanks to padded shoulder straps, a cross-chest buckle for stability, and ballistic nylon compression straps to manage bulk. Whether you're moving between job sites or traveling with a full tech loadout, this pack is ready for the task.

Key Features

- Fits laptop or tablet with added space for gear
- Two MOLLE-compatible front pockets
- Ballistic nylon compression straps help secure and stabilize loaded contents
- Reinforced stitching throughout supports heavy tech and extended use
- Comfort shoulder straps and cross-chest buckle reduce fatigue during long wear
- Durable, tactical design ideal for demanding field environments
