Retire

“Future-Proof” Your Fleet & Budget Today

Safe Retirement & Boosted Budgets

Managing the End-of-Life (EOL) process for your technology is often the most complex and least planned phase of the device lifecycle. The **InfoCare360 Program** provides a reliable, secure, and highly profitable strategy to retire aging assets, ensuring you **maximize value recovery, increase budget certainty, and meet sustainability goals.**

GUARANTEED Buyback!

Get an up-front, guaranteed rate when using select InfoCase solutions, up to 4 years down the road.

Lowering Your Total Cost of Ownership

By Knowing Your Exact EOL Value Today, You Can Reduce Your Total Cost of Ownership From Day One

Locked-In Value

Refreshed Tech commits to a buyback price for your new device fleet before you even deploy them.

Budget Predictability

Your finance team can account for the credit now, making it easier to approve high-spec hardware today.

Circular Economy

Ensure a sustainable exit strategy is already in place, meeting your ESG goals years in advance.

A BETTER WAY TO TRADE-IN

When you retire your devices with Refreshed Tech, every device is **guaranteed** to receive a **Certificate of Data Destruction (COD)** and serialized reporting upon return, eliminating security risks. And to ensure a **frictionless experience**, when the 4-year mark hits, they will handle the boxes, label and freight—no “tech graveyard” required.

HOW IT WORKS

1. Lock-In Value

Get a guaranteed buyback rate from Refreshed Tech at the time of device and case purchase, projected for up to 4 years in the future.

2. Free Retrieval

At device End of Life, Refreshed Tech collects your retired devices and covers the cost of logistics for a frictionless experience.

3. Data Security

Refreshed Tech ensures full data security compliance & provides you with a COD for every device, ensuring your sensitive data is safe.

4. Capture Funds

Claim your guaranteed funds for all functional devices. If device condition is still pristine, you can capture even higher value.

PROTECT & MAXIMIZE YOUR INVESTMENT

Pair with InfoCase360 Protect

Even if you're not using the new InfoCase PermaLock™ XP Case or other Guaranteed Solution, a protective case still ensures heightened device value at end-of-life. Prevent accidental and cosmetic damage with our trusted line of Rugged Cases.

About Refreshed Tech

Refreshed Tech is the industry-leading, eco-friendly device buyback solution. They specialize in asset retirement, refurbishment, & lifecycle management, helping organizations maximize value recovery through secure, compliant, & sustainable device retirement.
