

ErGo POS HC Case for Apple iPad 10.9" Gen 10, A16 Gen 11 and Link2500

PART NUMBER: FM-MPOS-IPD109HC-2500

MSRP: \$ 139.99

Streamline Patient Check In & Mobile Payments

The ErGo POS HC Case for Apple iPad 10.9-inch Gen 10, A16 Gen 11 and Link2500 is purpose-built for healthcare organizations that need to combine patient registration, clinical workflows, and secure payment processing into one mobile solution. By integrating the Link2500 mobile payment terminal directly onto the iPad, the case eliminates the need for caregivers and registration staff to carry multiple devices, creating a more efficient experience.

Ideal for physician practices, outpatient clinics, and other healthcare facilities, the ErGo POS HC Case supports patient check-in, copayment collection, bedside registration, and mobile administrative workflows while maintaining the durability and infection control standards healthcare environments demand.

Key Features

- Made with Mirathane TPU, Makrolon polycarbonate and FDA-grade silicone for sanitary use in healthcare environments
- Replaceable Link 2500 case fastens directly to the back of the ErGo POS HC case
- Dual FDA-grade silicone hand straps for comfortable carrying in multiple positions
- Corner anchor points for added accessories
- MIL-STD-810H drop tested from 5 ft. by SGS
- FDA-grade TPU reinforced corners for impact and shock absorption
- Clear medical-grade polycarbonate shell for asset tag visibility
- Lightweight design reduces bulk
- Quick and easy installation
