

X-Treme AO Gen 2 Carry for 11-12-inch Devices

PART NUMBER: INF-XAO-11
MSRP: \$49.95

Always-On Protection and Next-Gen Durability

The X-Treme AO Gen 2 Carry for 11–12in Devices is built for classrooms, construction sites, and beyond. Combining our patented Always-On design with rugged durability, it protects against drops, spills, and daily wear while supporting mobility and productivity. A secure rubber seal, shock-absorbing build, and features like a handle, shoulder strap, and ventilation keep devices safe and easy to use. With universal compatibility, it's the next generation of reliable, real-world device protection.

Key Features

- Fits most computers with 11-12 in. screen (clamshell only)
- Rubber seal keeps water out when closed
- Made with a polycarbonate hard shell and EVA foam interior for superior impact protection
- Corner clips keep the top screen in place without obstructing visibility
- Silicone-backed straps and silicone bumpers hold the bottom of the device in place
- Clear window on the front of the case for Asset Tag visibility
- Built-in ventilation to prevent overheating
- Built-in handle and included shoulder strap for convenient and hands-free carrying options
