KC401, Landscape Scanner
PART NUMBER: FM-RC-KC401-LSCPSCN
MSRP: $49.99

Landscape Scanner

Simple, Tough Protection

The Rebound Bumper Frame for Zebra KC401 Kiosk Computer is engineered to protect your investment in high visibility, high use self-service deployments. Designed specifically for the Zebra KC501, this protective frame absorbs impact, shields vulnerable edges, and helps extend the lifespan of your kiosk hardware in demanding public environments. Available for multiple scanner configurations.

No Scanner

Key Features

- Fit options for device without scanner, device with scanner for landscape orientation, and device with scanner for portrait orientation
- Protective silicone frame defends the device from bumps and impacts
- Silicone material is resilient to industrial cleansers, ideal for sanitary and food service environments
- Open back design does not interfere with mounting hardware and cable connections
- Complete the solution with optional Shatterproof or Privacy Glass Screen Protection
- Full access to device I/O ports, buttons, & features
- Quick and easy installation

Portrait Scanner

Frame Only
(Landscape Scanner)

Screen Protection for Zebra KC401

Exclusively for ZEBRA

Shatterproof Glass:

We know your device screen is tough, but it is not indestructible. Avoid downtime, mitigate display replacement and extend the life of your technology investment by adding a stealth layer of protection.

- 9H hardness protects against scratches
- Shatterproof design prevents dangerous shards
- Multi-layer construction for impact absorption
- High light transmittance and superior optical clarity
- Quick & easy, bubble-free installation.
- Oleophobic coating resists smudges & fingerprints
- Blue light blocking & anti-microbial fts. available

Privacy Glass:

Delivers both visual privacy and Shatterproof screen defense. Perfect for mobile professionals handling sensitive data, this screen solution ensures on-the-go confidentiality without compromising touch responsiveness.

- Restricts viewing angle to +/- 30°
- Same level of protection as Shatterproof Glass
- Quick & easy, bubble-free installation.
- Oleophobic coating resists smudges & fingerprints
- Blue light blocking & anti-microbial fts. available

SHATTERPROOF GLASS
