

ErGo Pro Case for Lenovo ThinkPad L14 Gen 6, 7

PART NUMBER: FM-PRO-L14G6
MSRP: \$99.99

Greater Mobility for the Modern Workforce

The ErGo Pro Case brings the ergonomic versatility of the ErGo family to a laptop platform. Designed for construction, field service, utilities, manufacturing, and more, the case makes the ThinkPad easier to carry, mount, and integrate into demanding workflows. A built-in adjustable elastic hand strap provides a secure grip for carrying and handling the laptop throughout the workday. An integrated 75mm VESA mounting pattern supports compatible mounting solutions or an optional rugged hard handle, giving organizations greater flexibility to configure devices for vehicles, workstations, job sites, and other mobile applications.

Key Features

- Built-in adjustable hand strap on bottom shell
- 75mm VESA mount interface on to attach optional hard handle or to fix mount onto dock or cradle
- Built-in port covers protect against dust and debris
- Snap closure keeps device closed when not in use
- 4 corner retention slots for attachment of included shoulder strap or optional user harness
- Lock-on bottom shell for improved device security while in transit or mounted
 - trapped screws prevent loss during installation
- Exceeds MIL-STD-810H drop testing
- Improved drop and shock protection with air cell protection and enhanced TPU bumper
- Perfectly aligned top and bottom shells evenly distribute drop forces
- Clear polycarbonate shell for asset tag visibility
- Improved flexibility in areas prone to breakage
- Drainage holes for spills and heat dissipation
- Non-slip corners to prevent the device from sliding
- Easy snap-on installation for top shell
