X-Treme AO Carry for 11-12 inch Chromebooks

PART NUMBER: INF-AO-CB11CLP
MSRP: $49.95

Durable, Always-On Protection for K-12

The X-Treme AO Carry case is purpose-built for the demands of K-12 education, combining rugged durability with flexible functionality for classroom and take home use. Designed to support student mobility and everyday learning, this folio-style case helps protect devices from the bumps, drops, and daily wear common in active school environments. With a built-in hand strap and folio cover that doubles as an easel stand, the X-Treme AO supports comfortable, confident device use throughout the school day.

Key Features

- Fits most clamshells with 11-12 in. screen
- Impact-dissipating foam and rigid poly core for unmatched drop and impact protection
- Offers work-in functionality, so you never need to remove the case to use the device
- Water-resistant material keeps devices protected when closed
- Corner clips keep the top screen in place without obstructing visibility while silicone-backed straps hold the bottom in place
- Clear window on front for asset tag visibility
- Built-in pencil pouch to carry writing utensils
- Access to all device features and I/O ports
- Built-in ventilation to prevent overheating
- Built-in handle and included shoulder strap for convenient carrying options
- Zipper closure tested for long-lasting use
